

Your Kasson Public Library card:

Library card privileges expire every three (3) years and must be renewed. The card itself does not need to be replaced, nor is there a fee for renewing your card. Having cards expire helps us keep our database current and insures that all library correspondence goes to the correct address.

The library's automation system alerts the staff automatically when a library card needs to be renewed. **OR** if you would like to renew your card, please bring your card and identification to the Library Circulation Desk. You may also call the Library at 507-634-7615 to renew your card.

Please Note: If you have had changes to your address or phone number, you will be required to present your card and identification at the Library before your card is renewed.

Library Hours:

Tues. & Thurs.	10:00 am – 6:00 pm
